

Housewise™ Thermostat

Model T6-WEM01

HOUSEWISE
Preferred™
SERIES

Your Connection for Enhanced Comfort and

Setting Standards Since 1904

For more than a century, homeowners have associated Bryant® heating and cooling products with the highest standards of indoor comfort. Through focus, commitment and dedication, we have consistently met every new challenge head-on and delivered the products to meet or exceed expectations. Today, as homeowners demand reduced energy use as well as increased convenience and connectivity from the products they depend on every day, Bryant delivers with the Housewise™ thermostat.

Professionally installed by your trusted Bryant dealer, the Housewise thermostat is your gateway to average heating and cooling energy savings of 20%.* The sleek, smooth touch screen invites users to become more involved, emulating the look and feel of a tablet or smart phone. From basic setup, to monitoring and tracking energy use, this thermostat puts you squarely in charge. And with Wi-Fi® connectivity, you can control your home's comfort from around the home, or anywhere in the internet-connected world.

HOUSEwise

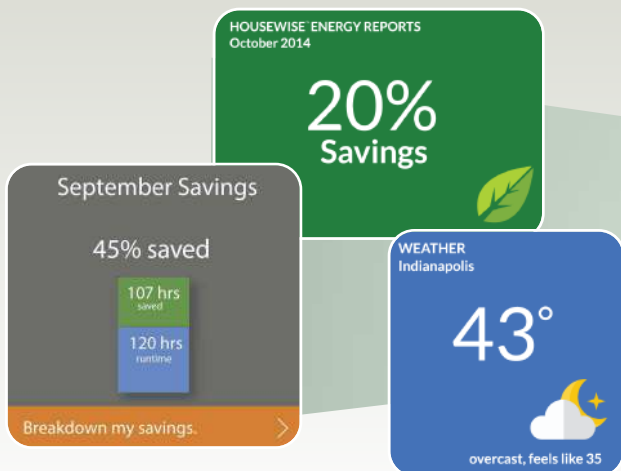

*Based on a 2012 third party study comparing Bryant® Housewise™ technology to the estimated cost of a non-programmable thermostat set to 72°F at all times. Wi-Fi® is a registered trademark of Wi-Fi Alliance Corporation.

Savings You Can Really See

Sure, we can say that you can save money, but seeing is believing. With easy to comprehend graphics, the Housewise™ thermostat provides real-time monitoring, monthly energy reports and month-to-month comparisons. It's never been easier to understand and manage your home energy consumption, from the thermostat itself, from a computer using your personal web

portal or on a mobile device with the free, downloadable Housewise thermostat app.

Energy-Smart Performance

It's great to have control, but it's also nice knowing your thermostat can make intelligent, money-saving decisions on its own. The smart recovery feature automatically makes smart, energy-conserving adjustments based on your home's heating and cooling gains and losses, changes in the weather and more. To take the savings a step further, the Housewise™

thermostat even offers energy tips based on your specific usage.

Energy Efficiency

Peace of Mind

To the original owner, the Bryant® Housewise™ thermostat is covered by a 5-year parts limited warranty upon timely registration of your new equipment.*

*Warranty period is 3 years if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will automatically receive a 5-year limited warranty. See warranty certificate at bryant.com for complete details and restrictions.

Performance

*With compatible system equipment.

Dealer Delivered & Installed

One of the most attractive features of the Bryant® Housewise™ thermostat is the professional installation and support you'll receive from the most trusted name in home comfort. It's comforting to know that this exceptional home comfort control will be installed the right way by your local Bryant dealer – someone who really under-

stands the intricacies of today's heating and cooling systems. Best of all, you can enjoy all of the convenience backed by the company recognized throughout North America for its commitment to customer satisfaction and comfort - Bryant.

Convenient, Accessible, Powerful

Once your local dealer has it up and running, your Housewise™ thermostat can make life easier in more ways than one. Tap your way through the on-screen menu to quickly set your personalized comfort schedule, adjust settings, and add a vacation schedule. Then relax and let the Housewise thermostat start managing your comfort,

creating energy reports, even alerting you and your dealer when your system needs attention. Finally, with the free, downloadable Housewise thermostat mobile app, you are just a click or two away from managing your home comfort. It's incredibly convenient, giving you full control from your couch, den, front porch, or anywhere with a connected device.

Thermostat

Product Features

- 1 VIVID, INVITING TOUCH SCREEN**
High-resolution graphics and a modern, consumer electronics appeal make getting involved in your comfort both inviting and effortless.
- 2 COMPACT, PLEASING DESIGN**
The compact, 4-inch by 4-inch wall-mounted control is small enough to blend into your environment, but large enough to make interaction a breeze.
- 3 ANYWHERE ACCESS**
The free mobile app lets you monitor and manage your home comfort system from anywhere. Sudden snowstorm? Turn up the heat before you head home.
- 4 SECURE WEB PORTAL**
The interface for a computer or tablet takes advantage of the larger screen size, putting all your system on one dashboard view so you can access and change settings.
- 5 SMART ELECTRONICS**
This “smart” thermostat uses data about your system, your home’s energy use, historical system settings, and the weather to make intelligent decisions on efficiency and comfort. Homeowners saved an average of 20% on their heating and cooling energy costs.*

*Based on a 2012 third party study comparing Bryant® Housewise™ technology to the estimated cost of a non-programmable thermostat set to 72°F at all times.
